Some additional Tips

- ✎ The Play Tent should be assembled with adult supervision. Do not allow children to jump on the tent.
- ✎ Use the TEE PEE Play Tent on a soft or smooth surface only. Avoid sharp objects while playing with the tent.
- ✎ Do not use the play tent near any open flame or fireplace.
- ✎ The play tent is made from water repellent nylon. However, play tents should not be left in the yard for prolonged periods of time, as sunlight can weaken or fade the nylon. Continued exposure to water (from sprinklers) can cause mildewing.
